BACHELOR OF SCIENCE (COMMUNITY DEVELOPMENT)**

CDEV 417: WORLD FOOD ISSUES

STREAMS: B.Sc. (CDEV) (SSP/SB)

TIME: 2 HOURS

DAY/DATE: THURSDAY 16/8/2012

8.30 A.M. – 10.30 A.M.

INSTRUCTIONS:

Answer ALL the questions.

1. Explain the meaning and the different presentations of malnutrition in the human society. [10 marks]
 2. World hunger refers to the want or scarcity of food aggregated to the world level. Discuss the causes of hunger. [10 marks]
 3. Explain the National Food Security and Nutrition Policy (FSNP) strategic thrust areas. [10 marks]
 4. Explain the stages of policy formulation (analysis) process as envisaged by Walker (2000). [10 marks]
 5. The potential benefits of genetically engineered food are exciting. At the same time though, there are real concerns. Discuss the major concerns surrounding the genetically modified food. [15 marks]
 6. Citing the Eight United Nations' Millennium Goals (MDGs), analyse the contribution of hunger reduction towards achieving the MDGs. [15 marks]
