

Instructions:

Answer **Question One** and any other **Two Questions**

Question One

Discuss the major statutory functions and challenges faced by National Environment Management Authority (NEMA) in the discharge of its functions.

(30 marks)

Question Two

Discuss the rights to a clean and healthy environment as provided for under the Constitution of Kenya (2010) and their enforcement.

(20 Marks)

Question Three

What are five major environment law principles under the Environmental Management and Co-ordination Act (EMCA) 1999?

(20 marks)

Question Four

"Human beings should not regard themselves as more important than other creatures they share the universe with. Environmental law ought to put all creatures in a similar status and humanity must be restrained from putting itself in a higher hierarchy than say, trees and wild animals."

Anonymous

Discuss this proposition in the light of two major environmental Law Schools of thought, noting to highlight the differences between them.

(20 marks)

Question Five

Highlight and discuss the legal framework that addresses the following:-

- (a) Ozone layer depletion
- (b) Loss of biodiversity
- (c) Climate change
- (d) Desertification

(20 marks)
