AHI 202: African Economic History

Date:

Time:

Instructions: Answer THREE Questions

- 1 Discuss the significance of development theory in the study of African economic history.
- 2 How true is the assertion that Africa's agricultural developments were diffused from outside the continent?
- 3 Explain the forms of labour found in the pre-colonial African societies.
- 4 Evaluate the role of economic factors in causing the colonization of Africa.
- 5 To what extent do you agree with the notion that colonialism in Africa was transformative economically?
- 6 "Africa has been referred to as a continent in crisis". Expound.
